PRODUCT LINE - Protectants

Part Number	Temp Range	Substrate	Applications	Product Type	Product Line	Method
<a href="#">Adhesion Improving Lime Bath Additive</a>	Ambient-210	Carbon Steel, Galvanized Steel, Stainless Steel, Aluminum, Copper/Brass	Drawing, Extrusion, Protection	General	Limelite	Spray or Immersion
<a href="#">Corrosion Inhibitor for In-House Storage and Shipping</a>	ambient-150	Carbon Steel, Galvanized Steel, Stainless Steel, Aluminum, Copper/Brass	Protection	General	Freiborne Oil	Spray or Immersion
<a href="#">Heavy Zinc Phosphate Anti-Corrosion Coating</a>	155-210	Carbon Steel	Protection	Conversion Coatings	Freibornite	Immersion
<a href="#">Immersion Zinc/Iron Phosphate Rust Preventative Base</a>	175-195	Carbon Steel, Galvanized Steel	Protection	Conversion Coatings	Freibornite	Immersion
<a href="#">Lightweight Manganese Phosphate Coating</a>	165-180	Carbon Steel	Protection, Wear resistance	Conversion Coatings	Freibornite	Immersion
<a href="#">Low Foaming Water-Based Corrosion Inhibitor for Carbon Steel</a>	Ambient - 150	Carbon Steel	Protection	General	FreiGuard	Spray or Immersion

Part Number	Temp Range	Substrate	Applications	Product Type	Product Line	Method
<a href="#">Manganese Iron Phosphate Coating</a>	200-210	Carbon Steel	Protection, Wear resistance	Conversion Coatings	Freibornite	Immersion
<a href="#">Nickel-Free Heavy Zinc Phosphate Coating</a>	160-180	Carbon Steel	Protection	Conversion Coatings	Freibornite	Immersion
<a href="#">Oil-Based Corrosion Inhibitor for Storage/Shipping</a>	Ambient - 110	Carbon Steel, Galvanized Steel, Stainless Steel, Aluminum, Copper/Brass	Protection	General	FreiGuard	Spray or Immersion
<a href="#">Oil-Based Non-Staining Corrosion Inhibitor</a>	Ambient - 110	Carbon Steel, Galvanized Steel, Stainless Steel, Aluminum, Copper/Brass	Protection	General	FreiGuard	Spray or Immersion
<a href="#">Petroleum Based Water Displacing Corrosion Inhibitor</a>	Protection	Carbon Steel, Galvanized Steel	Ambient	Protectant	Freiborne Oil	Immersion
<a href="#">Petroleum-Based Corrosion Inhibitor</a>	Ambient - 120	Carbon Steel, Cast Iron, Galvanized Steel, Stainless Steel	Protection	General	Freiborne Oil	Spray or Immersion
<a href="#">Petroleum-Based Storage/Shipping Corrosion Protection</a>	Ambient - 110	Carbon Steel, Cast Iron, Galvanized Steel, Stainless Steel	Protection	General	Freiborne Oil	Spray or Immersion
<a href="#">Post Treatment Reactive Seal for Iron Phosphate Coatings</a>	Amb-110	Carbon Steel, Galvanized Steel, Aluminum	Paint Pretreatment, Protection, Rubber-Metal	General	Freicon	Spray or Immersion

Part Number	Temp Range	Substrate	Applications	Product Type	Product Line	Method
			Bonding			
<a href="#">Stain Reducing Lime Additive for Improved Adhesion and Coating Weight</a>	150-210	Carbon Steel, Galvanized Steel, Stainless Steel, Aluminum, Copper/Brass	Drawing, Extrusion	General	Limelite	Immersion
<a href="#">Uniform Lime Additive for Improved Adhesion</a>	150-210	Carbon Steel, Galvanized Steel, Stainless Steel, Aluminum, Copper/Brass	Drawing, Extrusion	General	Limelite	Immersion
<a href="#">Water Emulsifiable Corrosion Protection Oil for Bare Or Galvanized Steel</a>	Protection	Carbon Steel, Galvanized Steel	160-180	Protectant	Freiborne Oil	Spray or Immersion
<a href="#">Water Emulsifiable Corrosion Protection Oil for Bare Steel</a>	Ambient - 150	Carbon Steel, Galvanized Steel, Stainless Steel, Aluminum, Copper/Brass	Protection	General	Freiborne Oil	Spray or Immersion
<a href="#">Water Soluble Oil Emulsion for Bare Based Metals</a>	ambient-150	Carbon Steel, Galvanized Steel, Stainless Steel, Aluminum, Copper/Brass	Protection	General	Freiborne Oil	Spray or Immersion
<a href="#">Water Soluble Oil Emulsion for Bare or Phosphated Metals</a>	Protection	Carbon Steel, Galvanized Steel	140-160	Protectant	Freiborne Oil	Spray

Part Number	Temp Range	Substrate	Applications	Product Type	Product Line	Method
<a href="#">Water-Based Corrosion Inhibitor for Storage/Shipping</a>	Ambient-130	Carbon Steel	Protection	General	FreiGuard	Spray or Immersion
<a href="#">Water-Based Dry Finish Corrosion Inhibitor</a>	Ambient - 140	Carbon Steel, Galvanized Steel, Stainless Steel, Aluminum	Protection	General	FreiGuard	Spray or Immersion
